Subject: Amendment to the FY 2003 through 2012 Action Plans for Community Development Block Grant and Home Investment Partnerships Program Funds and Facilitate the Close-out of Old Activities

This item has been amended to reflect the change made at the June 13, 2012 Economic and Social Services Committee meeting. Specifically, the item is amended to remove the phrase \$500,000 of Community Development Block Grant-Recovery Program Funds in the title of the resolution and in section 1 of the resolution.

RECOMMENDATION

It is recommended that the Board of County Commissioners (Board) authorize the County Mayor or the County Mayor's designee to substantially amend the FY 2003 through 2012 Action Plans to:

- Recapture and reallocate \$1,469,589.02 of prior year Community Development Block Grant (CDBG) funds and allocate \$1,331,966 of reimbursed CDBG funds for a total allocation of \$2,801,555.02
- recapture and reallocate \$343,089.30 of Home Investment Partnerships Program (HOME) funding and allocate \$2,301,646 of HOME program income, for a total allocation of 2,644,735.62, and
- facilitate the close-out of old activities by amending the project scope retroactively in US HUD's Integrated Disbursement and Information System.

The \$2,801,555.02 in CDBG funds includes \$1,331,966 of CDBG funds reimbursed to the Miami-Dade CDBG line of credit. On January 20, 2011, through R-19-11, the Board approved a reimbursement plan from the countywide general fund to the County's CDBG line of credit with the U.S. Department of Housing and Urban Development (US HUD). Each payment under the reimbursement plan will be credited to the County's CDBG line of credit, which can then be reallocated to other CDBG eligible activities. Thus far, the County has reimbursed \$1,331,966, representing two payments of \$181,632 (paid on the January 31, 2011 due date) and \$1,150,334 (paid on the January 31, 2012 due date) pursuant to the reimbursement plan.

It is also recommended that the Board delegate to the County Mayor or the County Mayor's designee the authority to award CDBG Program Income, when generated by revolving loan fund activities, back to the same revolving loan fund activity upon a determination that such award of Program Income is in the best interest of the County.

SCOPE

Exhibit I provides the Commission District location for each activity recommended for recapture of CDBG and/or HOME funding and the reason for each recapture. Exhibit II provides the Commission District location for each activity recommended for award of CDBG and/or HOME funds.

FISCAL IMPACT/FUNDING SOURCE

The recapture and/or reallocation of prior years' CDBG and HOME funds will not create any new fiscal impact to the County. This item allocates funds which either (a) have already been identified in

Resolution No. R-19-11 for use for CDBG-eligible projects or (b) were previously allocated to projects but are being recaptured pursuant to this resolution.

TRACK RECORD/MONITORING

Public Housing and Community Development (PHCD) Department monitors all CDBG and HOME funded activities. PHCD will monitor these projects to ensure compliance with federal guidelines and County policies, through the review of quarterly progress reports.

The entities being recommended for funding have a successful track record in the delivery of products and/or services, as specified in their contractual agreements with PHCD. The allocation of funds will enable the implementing entities to complete their project delivery objectives in a timely manner. For entities that have commenced project development, the supplemental funding will assist them in meeting their objectives and is consistent with the County's policy of *Finishing What We Started* – an approach to the allocation CDBG and HOME program funds designed give priority funding to previously funded projects which, for varying reasons, may require additional funds to ensure completion of the activity. This funding approach has been adopted to address the number of stalled (incomplete) projects which have not been closed out and consequently impact the County's 1.5 expenditure ratio with U.S. HUD.

BACKGROUND

Funded activities (as part of the FY 2012 and prior years Action Plans), are monitored throughout the year to ensure agencies are in compliance with federal regulations, such as the progress of each activity towards accomplishing the national objectives, as set forth by US HUD. As such, PHCD recommends the recapture of CDBG and HOME funding from activities that: 1) were unable to meet a US HUD National Objective; 2) have been completed and have unexpended balances; 3) that are not yet ready to expend the allocated funds; 4) are no longer feasible; or 5) have expired contracts. This item reallocates funds to eligible activities that: 1) are currently funded, have an existing funding gap, and meet the conditions for additional funding under the County's *Finish What We Started* policy; or 2) received partial or no funding through the FY 2012 Request For Application because funds were exhausted before the activity was fully funded, resulting in a funding shortfall, as reflected in Exhibit II.

FY 2003 THROUGH FY 2012 CDBG FUNDS (\$2,801,555.02)

Staff recommends the recapture and reallocation of \$1,469,589.02 in CDBG funds. Each of the activities recommended for recapture meet one of the five aforementioned conditions for the recapture of program funds. Additionally, the County recommends reallocation of \$1,331,966 of reimbursed CDBG funds for a total reallocation of \$2,801,555.02. For agencies that applied in the FY 2012 Request For Applications process, the brief descriptions provided in this memorandum, which accompany the recommendations for allocations of reprogrammed CDBG funds, are based upon the more detailed scope of work provided in each Agency's application. The contracts ultimately entered into between the Agency and the County will include more detailed scopes of work based upon each Agency's application.

Economic Development

1. Barry University, Inc. – Barry University ED Technical Assistance (\$130,901)
Provide technical assistance (e.g. business plan development) to small businesses in the Opa-Locka, Model City, and South Miami Neighborhood Revitalization Strategy Areas. The activity will create four (4) jobs.
2. Black Economic Development Coalition, Inc. dba Tools for Change – Liberty Square Small Business Pilot Program (\$100,000)
Provide technical assistance (e.g. marketing, business planning/strategy) to low- to moderate-income families residing in the Liberty Square Public Housing Complex, by offering business training workshops and technical assistance with grant and loan applications to become self-sufficient. The activity will create three (3) jobs for low- to moderate-income individuals.

3. Black Economic Development Coalition, Inc. dba Tools for Change – Technical Assistance for Entrepreneurs & Micro Lending (\$97,950)
Provide technical assistance (e.g. marketing, business planning/strategy) to small business owners and recipients of loans from the micro-enterprise loan program. The activity will create three (3) jobs.
4. Neighbors and Neighbors Association, Inc. – Goulds Business Resource Center (\$200,000)
Provide technical assistance (e.g. marketing, business planning/strategy) to small businesses serving the Goulds, West Perrine, and Leisure City/Naranja Neighborhood Revitalization Strategy Areas. The activity will create six (6) jobs.

10. Partners For Self Employment, Inc. - Entrepreneurial Institute (\$110,000)
Provide technical assistance and business development to small businesses directly from various professional trades e.g., legal, accounting, bidding, credit and financing countywide. The activity will create three (3) jobs.
11. Dynamic Community Development Corporation – Economic Development Technical Assistance (\$50,000)
Provide technical assistance to 13 small businesses (e.g., business startup, planning, accounting, financing and marketing skill training). The activity will create two (2) jobs.
12. North Dade Community Development Federal Credit Union - Technical Assistance to Businesses (\$60,000)
Provide technical assistance, training, and micro loan to small businesses. The activity will create two (2) jobs.

Public Facilities and Capital Improvement

1. City of North Miami Beach – Allen Park Recreation Center Improvements (\$200,000)
To complete renovations at the Allen Park Recreation Center located at 1770 NE 162nd Street. The Allen Park project was previously allocated \$372,491 in CDBG funds (Resolutions R-1284-09, R-980-10, and R-782-11) for improvements to the recreational facility, which is comprised of an indoor court,

boxing ring, gymnasium, and activity rooms. As a result of the permit inspection process, the original project scope must be amended to address fire, life safety, and compliance with the Americans with Disabilities Act of 1990. The expanded project scope will include the installation of a lift/elevator, enclosure of an existing internal staircase, enclosure of a mezzanine walkway, and the construction of an enclosed two-story emergency staircase on the exterior of the building. These funds will address an existing project funding gap under the *Finish What We Started* policy.

2. City of Opa-Locka – Lift Station 8 Improvement Project (\$150,000)
An expansion of the Lift Station 8 project scope to include a new forced water main. These funds will address an existing project funding gap under the *Finish What We Started* policy.
3. City of Opa-Locka – Rehabilitation of Lift Station 11C (\$257,625)
Rehabilitation of Lift Station 11C, to include installation of a new pump, upgrading of wet wells, and new control panel systems. These funds will address an existing project funding gap under the *Finish What We Started* policy.
4. City of Sweetwater – Drainage Improvements – Phase 4 (\$200,000)
Installation of storm water drainage pumps in the area between Flagler Street to SW 8th Street (North to South) and SW 112th Avenue to 117th Avenue (East to West). These funds will address an existing project funding gap under the *Finish What We Started* policy.
5. Miami-Dade County Internal Services (General Services Administration) – Melrose Beautification Project (\$116,951.02)
Installation of two feature walls with signage along the entry corridors bounded by NW 27th Avenue and NW 38th Street on the North and NW 27th Avenue and NW 20th Street on the South, to benefit residents of the Melrose Neighborhood Revitalization Strategy Areas.

Housing

1. Carrfour Supportive Housing, Inc. – Tenant-based Rental Assistance Program (\$10,000)
Administrative expenses associated with the Tenant-based Rental Assistance Program.
2. Lutheran Services Florida, Inc. – Tenant-based Rental Assistance Program (\$20,000)
Administrative expenses associated with the Tenant-based Rental Assistance Program.

HOME FUNDS (\$2,644,735.62)

Staff recommends the recapture of \$343,089.30 of Home Investment Partnerships Program funds from currently funded activities, as reflected in Exhibit 1. A majority of the activities have either been completed and the unexpended balances must be recaptured as part of the US HUD required close-out process, or the activities are no longer feasible and have not been able to expend funds in a timely manner. Additionally, the County has accumulated \$2,301,646.32 in program income which has not been committed to any other activity. It is recommended that these funds be reprogrammed to the following activity:

1. Tower Road Gardens, LTD.- La Joya Apartments (\$2,644,735.62): New construction of 150 affordable multi-family apartment units located at the intersection of SW 268th Street and SW 143rd Avenue, in the Leisure City/Naranja Neighborhood Revitalization Strategy Area. The County has, in prior years, awarded \$1.041 million to this activity, in addition to a new award of \$845,697 of Home Investment Partnerships program funds through the FY 2012 Request for Application. These funds will address an existing project funding gap under the *Finish What We Started* policy.

Delegation of Authority on Community Development Block Grant Program Income

CDBG funded revolving loan fund projects from time to time generate program income from their respective funded activity. The approval of this resolution will allow the County Mayor or County Mayor's designee to award the program income back to the same revolving loan fund project upon a determination that such an award of Program Income is in the best interest of the County.

Activity Close-out

There are activities in US HUD's Integrated Disbursement and Information System that has remained open for many years because the actual accomplishments achieved by those activities were different from what was originally proposed. To facilitate the close-out of these activities in US HUD's Integrated Disbursement and Information System, PHCD recommends proposed changes to the accomplishments of the following activities:

1. Mt. Nebo Apartments: This activity was funded in 1994 for \$100,000 to rehabilitate 4 units of affordable housing that is located at 6042 SW 63 Street, in South Miami, FL. The agency was not able to complete the project and the County recaptured the unexpended balance of \$71,105.37. Eventually the land was conveyed to Habitat for Humanity of Greater Miami through South Miami CRA to build a single family home for low- to moderate-income family. The Habitat for Humanity completed a single family home and sold it to a low income family in November 2009. The total HOME funds expended for this activity is \$28,894.63. We are proposing to close this activity in US HUD's Integrated Disbursement and Information System with an accomplishment unit of one home.
2. BAME Development: This activity was funded in 1997 for \$500,000 in HOME funds to construct 40 single-family homes located at 642 NW 5th Avenue, Miami, FL to be sold to first-time homebuyers. Due to economic conditions in the housing market, the agency was not able to complete the project and transferred the project to Madison Housing Ltd., which assumed the \$500,000 loan to BAME and converted to a 120 unit affordable rental development. Madison Housing Ltd. completed the project and 40 units were set-aside for low- to moderate-income families. The total HOME funds expended for this activity was \$499,713.94. PHCD proposes closing the activity in US HUD's Integrated Disbursement and Information System with an accomplishment of 40 rental apartment units that were set-aside for low- to moderate-income families.
3. Jubilee CDC – Infill Housing: This activity was funded in 1998 for \$600,000 in HOME funds to construct 11 single family homes on scattered site lots throughout Miami-Dade County. The agency was not able to complete the project and the County recaptured \$486,124.94 from the agency. The agency conveyed 5 lots back to the County. PHCD subsequently conveyed three (3) of the subject lots to Habitat for Humanity for the construction of single family homes for low- to moderate-income families. Habitat for Humanity constructed two (2) single family homes which were sold to low- to moderate-income families. The total Home Investment Partnerships Program funds expended for the project is \$113,875.06. One (1) lot remains with Habitat for Humanity to construct the third home and the remaining two (2) lots were placed back into PHCD's land inventory. PHCD proposes closing this activity in US HUD's Integrated Disbursement and Information System with accomplishments of two (2) homes.
4. Richmond Heights Townhomes: This activity was funded for \$500,000 in HOME funds for development and infrastructure improvements associated with the construction of 79 homes in Richmond Heights. The agency completed 44 homes which were sold to low-to moderate-income families. The total HOME funds expended for this project is \$500,000. PHCD is proposing to amend the project scope retroactively to allow the closeout of this activity in US HUD's Integrated Disbursement and Information System with the actual accomplishments of 44 homes or beneficiaries, thus avoiding the repayment of funds.

Public Hearing

Notice of Public Hearing Date on the proposed Substantial Amendment to the FY 2003 through FY 2012 Action Plans

A public hearing is scheduled for the Economic Development and Social Services Committee Meeting on Wednesday, June 13, 2012, at 9:00 a.m. in the Board of County Commissioners Chambers located on the second level of the Stephen P. Clark Center, 111 NW 1st Street, Miami, Florida. The purpose of the hearing is to give the public an opportunity to comment on the proposed Substantial Amendment to the FY 2003 through FY 2012 Action Plans. The proposed Amendment seeks to reauthorize and reallocate Community Development Block Grant (CDBG), and HOME Investment Partnerships Program (HOME) program funds. The public is invited to attend and comment. Comments may also be submitted in writing through June 12, 2012 to the attention of Selma Williams, Acting Division Director, Resident Services, Community Planning and Outreach Division, Miami-Dade County Department of Public Housing and Community Development (PHCD), 701 NW 1st Court, 14th Floor, Miami, Florida 33136. Federal regulations governing the CDBG and HOME programs require that a participating jurisdiction provide citizens with reasonable notice of, and an opportunity to comment on, any proposed allocation of CDBG and HOME funds including HOME Program income. A complete copy of the agenda item is available at our office and on our web site at <http://www.miamidade.gov/psd/psdmain1>
